### PROJECT SUMMARY

This steel and concrete structure, designed with Viva's corporate image, has a two sided storefront appearance, with large washroom facilities to suit its site location on Hwy#11. All interior finishes such as millwork, coolers, ceilings and floor tiles were pre-installed at NRB's yard prior to shipping allowing minimal site installation time.

According to Ken Wootton (President/Owner) of VivaCorp,  
*“VivaCorp Properties had aggressive implementation and development timelines and turned to NRB to build a number of modular convenience food buildings. NRB took an active and aggressive approach in the design and development necessary to meet our target opening dates. The product quality, workmanship and post installation support have been impressive.”*

Country Style Full Serve Deli is a standard offering at all Viva Express Stores.
