

NRB

modular building specialists

WATERDOWN MONTESSORI

Waterdown, ON

Building Size: 5,200 square feet

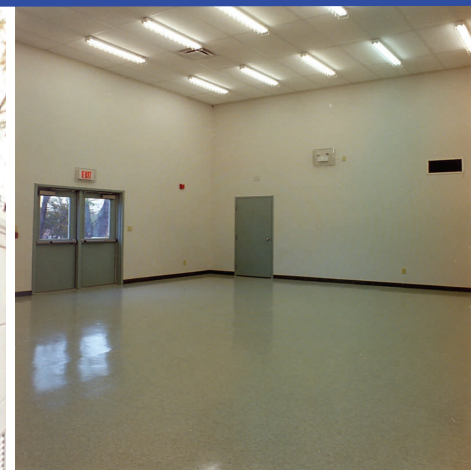

Building Start: April 24, 2000

Building Complete: July 17, 2000

PROJECT PROFILE

EDUCATIONAL

Project Profile # 99-6024

NRB's off-site building technology and delivery methods provided the solution for this school required on a very restrictive site.

PROJECT OVERVIEW:

Given the restrictive nature of the site surrounded by sloping hills and abundant trees, a modular solution ideally suited the challenge of accessing the site and providing the complex within the school's short timeframe. NRB's off-site building provided less site disturbance which was imperative for the adjacent school.
