

*NRB Inc. Modular Building Systems*

# Innovative Space Solutions Educational

**PROJECT SUMMARY #99-5013**

## **Jarvis Public School – Simcoe, Ontario**

The Jarvis Public School in Simcoe Ontario needed an addition to accommodate a growing student body. This structural steel frame addition has a pre-poured concrete floor. The exterior is finished with a two-tone stone aggregate panel. Custom windows and fully glazed doors offer warm daylighting. A vinyl covered gypsum wall finish adds ease to maintenance.

**NRB Modular Buildings. Ready when you are.**

**Square Footage:** 11,800

**Date of Approval to Proceed:**  
October 19, 1999

**Date of Completion:**  
January 7, 2000
