

NO LIMITS... ONLY POSSIBILITIES

Innovative Space Solutions Convenience Store Project Summary #1054503

SOBEY'S INC Stellarton, Nova Scotia

SIZE: 14' x 23' 1 section
SQUARE FOOTAGE: 322sf
4 week NRB yard construction from approved drawings

PROJECT SUMMARY

Sobey's first new "Fast Fuel" concept is the beginnings of a new market. This new brightly coloured exterior with its clean lines are a great addition to the grocery chains parking lots.

This steel and concrete floor building with wood wall and roof structure, is fully furnished with all interior finishes, such as ceramic floors, acoustic ceiling tiles, millwork, storefront glazing and all electrical and mechanical equipment.

NRB's FP1 panels were powder coated to match corporate colours and imaging. Store sign parapet and front canopy were built as part of the store construction and then removed for transportation, and required minimal installation once arriving on site in Nova Scotia.
