

NO LIMITS... ONLY POSSIBILITIES

Innovative Space Solutions Convenience Store Project Summary #1055003

PETRO CANADA INDEPENDANT Main St. Hamilton, ON

**SIZE: Petro 1500 Series
30' x 52' 3 sections
SQUARE FOOTAGE: 1560sf**

PROJECT SUMMARY

The second modular building for this Petro Canada Independent dealer proves that **Modular Construction has its definite advantages**. With its busy Main Street location, this existing site was demolished and reconstructed in record time. Site was cleared; tanks, pumps, and all site servicing completed while the building itself was being constructed off site. All interior finishes, including the Country Style millwork, equipment, and paypoint were completed and installed prior to delivery. This modified corporate template store was completed in NRB's yard 5 weeks from final construction approvals, delivered to site in one day, with on-site connections completed within 10 days. **Store was stocked and open for business 20 days after delivery.**
