COTE POLE LINES

New Liskeard, ON

Building Size: 1,250 sq. ft.

Building Start: February, 2008

Building Complete: April, 2008

PROJECT PROFILE

Retail / Hospitality

Project Profile # 1085001

NRB's first modular carwash installed with seamless precision

PROJECT OVERVIEW:

This 2 section touchless carwash was the perfect addition to a small communities needs. With wash bay floor slab and mechanical room foundations installed on site prior to the building structures arrival, there was minimum on-site disturbance and opening was shortened to a few weeks.

FEATURES & BENEFITS:

- The steel post and beam structure was designed to support the loads of the car wash equipment directly, all structural supports are enclosed within the wall system to provide a clean open interior wall finish.
- Building was designed to sit upon a raised concrete curb to support high clearance vehicles that would be using this wash bay.
- Building was shipped to site in two sections, a large wash bay section to sit on a site installed concrete floor, and a mechanical room section which was shipped with a 3" concrete floor allowing the bulk of the carwash system to be pre-installed in the factory.
- The exterior aluminum siding is clean, simple and bright to attract attention with large 1/2" thick glass windows to show full view of the wash bay.
